## Tuition Refund Plan

All students are enrolled in Tuition Refund Plan insurance. The cost is included in the tuition contract. It equals 1.52% of net tuition. Please see details attached for information regarding claims and coverage.

## Textbooks

Textbook costs are not included in the Student Account. Approximate annual textbook costs for underclassmen is \$400 - \$600. Average cost for IB students is \$600 - \$800. Students must have access to either a credit card or an online bookseller account to purchase textbooks.

## Banking and Allowance Money

**The School does not give out allowance money.** Parents are required to open an account with a bank that the student will have access to or supply a credit card for the purchase of personal items. Without a parent present, students under 16 will only be able to open a savings account at our local bank. It is strongly advised that students arrive at VVS with bank account access. On average, a student might spend an additional \$30 per week on personal items – some more, some less.

# Student Account

Student Account funds will be used to pay school charges as outlined below, and other program related expenses incurred by the student. If expenses approach the deposit amount, parents agree to add additional money as necessary. **There is a 1.5% charge on delinquent student accounts.** The Business Office will not authorize withdrawals for personal spending. Student Account fee for 9-11th grades is \$1,500. Senior Student Account fee is \$2,500 and includes senior testing fees and a yearbook.
